LARGER ENTERTAINMENT FOR TOURIST PLAN OF PROMOTION COMMITTEE

The first step toward carrying out
the Promotion Committee's new
policy of providing for more extensive
accommodation and entertainment of
tourists, were taken yesterday after-
noon when, at a meeting of the
promotionists, discussion was had on
the matter of an amusement pier at Wa-
kiki, a hotel on Tantalus and the pro-
viding of better facilities for those
persons making the trip to Haleakala.
It was stated by Chairman H. P.
Wood that he had conferred with
Governor Pinkham regarding the
proposed erection of a hotel on the slopes
of Tantalus, and that the chief execu-
tive had informed him that two sites,
both government property, were avail-
able for such a project. According to
Secretary Wood, the governor said
that he would be pleased to enter into
a discussion on the matter with a
competent committee. Chairman
Emil A. Berndt, therefore, appointed
a committee consisting of W. R. Cas-
tle, Fred L. Waldron, Wade Warren
Thayer, Dr. C. B. Cooper, George G.
Guld, Albert Waterhouse and Riley
H. Allen to confer with the chief ex-
ecutive regarding the possibility of se-
curing one of these upon which
might be erected a hotel for the ac-
commodation of both tourists and lo-
cal persons.

Plans for a proposed amusement
pier at Waikiki Beach were sub-
mitted to the committee by Architect
L. Kerr. The estimates showed
that such a pier would cost in the
neighborhood of \$250,000. Chairman
Berndt appointed a committee con-
sisting of R. W. Shingle, Harry Mac-
farlane, "Sonny" Cunha, Bruce Car-
wright, Jr., Bertram Rivenburgh, H. L.
Kerr and R. O. Matheson, a commit-
tee to make an investigation into the
feasibility of such a project and to
report back to the committee at an
early date.

The committee was asked to take
some action with regard to securing
prison labor in Kapiolani Park, it be-
ing requested by J. D. McInerney that
at least 30 prisoners be detailed to
assist in the upkeep of the park.

COMMERCIAL NOTES

Additions are to be made to the
Pleasanton Hotel to cost \$40,000.

The pineapple canneries on Maui
are reported to be working at full ca-
pacity.

This season's crop of coffee in the
Kona, Hawaii, district will be worth
\$1,000,000 if prices keep up.

Work is being rushed on the navy
hospital buildings at Pearl Harbor by
the Spalding Construction Co.

Construction work at army posts
here is awaiting the passage of the
necessary appropriations by Congress.

R. H. Trent advocates the exploit-
ing of Honolulu abroad as the best all-
the-year-round residence spot on
earth.

Ewa crop estimates have been re-
duced 1000 tons to 30,027 tons of sug-
ar. This is owing to impure juices
and low sucrose content of the cane.

Davenport Bush has been awarded
the contract at \$2191 for erecting a
new building on the Normal School
grounds. Pupils of the school will do
the painting.

Many plantation managers through-
out the islands are encouraging mov-
ing picture shows as a means of
brightening the lives of the laborers
and their families.

What is regarded as one of the large-
est shipments of canned pineapples
ever made from here is that of 48,
600 cases in the steamer Wilhelmina
on her last departure for the coast.

Dr. E. V. Wilcox, special agent in
charge of the federal experiment sta-
tion, is acting as arbitrator of dis-
putes between certain plantations of
C. Brewer & Co.'s agency and cane
planters on shares.

G. Fred Bush is having a country
dwelling in the Colonial style erected
on the mountain slope behind Aiea,
ten miles from Honolulu. It is of two
stories, with extreme dimensions of
60 by 70 feet.

The Clift Hotel of 13 stories in San
Francisco, which will be opened the
first of next year, is being erected by
the estate of the same name from the
proceeds of investments in the Ha-
waiian sugar industry.

Iwilee Rice Mill Company has been
incorporated at \$12,500, in 250 shares
of \$50 each, par value, with the priv-
ilege of increase to \$100,000. The in-
corporators are Chinese, Lam Kam
Chin being the president.

J. D. Dole, the leading pineapple
packer of Hawaii, is quoted as saying
that 8000 tons of the fruit will not in
the present season, owing to the
maturity of the canneries to take care
of all the crop offered to them.

Statements of Frank C. Lowry, sales
agent of the Federal Sugar Refinery
(C. A. Spreckels'), to the effect that
the consumer of sugar has received
cheaper sugar owing to the new tariff,
have been refuted by Sugar, a Chicago
magazine.

Plantations are making heavy de-
mands on the federal experiment sta-
tion for jack bean seeds, the crop of
which will be plowed under to add fer-
tility to the soil. It is said by Dr.
Wilcox to be less susceptible to pests
than the cowpea used for the same
purpose.

Since 1904 the growth of the Mut-
ual Building and Loan Society, Hono-
lulu, shows as follows: Capital paid
in from \$10,847 to \$167,045; loans,
from \$9952 to \$187,117; gross earn-
ings, from \$415 to \$14,369; interest
to members, from 4 per cent to 8
per cent; reserve and undivided pro-
fits, from \$170 to \$4833.

On the recommendation of R. S.
Hosmer, superintendent of forestry,
the board of agriculture and forestry
has approved of the creation of two
new forest reserves, which remain to
be proclaimed by the governor if
found desirable after a public hear-
ing. One is the Kaupo and Kipahulu
reserve on Maui and the other the
Olaa Forest Park reserve on Hawaii.

Besides its original uses of drying
algaroba beans for fodder and cane
bagasse for sugar mill fuel, the steam
dryer invented by G. F. Winter, en-
gineer of Lihue plantation, has proved
just the thing for treating alfalfa pre-
paratory to grinding it into meal for
stock. The product is said to be much
superior to the coast article, as it in-
cludes the leaves with the stems of
the plant.

J. Edgar Higgins, horticulturist of
the Hawaii experiment station, will
return from a year's detail of work in
Porto Rico in the August transport
from the coast. He has investigated
pineapples in Cuba and Porto Rico
and is bringing home many new ideas
regarding the culture. Plants of a
dozen of the finest varieties of pines
grown in Florida and Cuba have been
received at the station.

C. Paul Hagelocher was suspended
from membership of the Philadelphia
Stock Exchange for one year.
